

Arcadia 39-inch Appliance Back Panel

Appliance back panels can be used between two Arcadia Series outdoor kitchen cabinets to support the countertop, creating a uniform 30-inch-deep kitchen with a finished back.

Appliance Back Panel Features

- Hand-crafted from the highest quality stainless steel
- Features outlet box for appliance
- Stainless steel leveling legs for easy installation
- Designed for use between two Arcadia Series outdoor cabinets
- Built by hand with pride in Kalamazoo, Michigan

Appliance Back Panel Options

- Stainless steel toe-kicks
- Optional back panels are available with matching four-board-theme (recommended if the back of the cabinet is visible)
- Brushed stainless steel end panels for installations with visible cabinet sides
- [Marine-grade stainless steel](#) available for clients who prefer additional corrosion resistance
